

BROOKFIELD JUNIOR SCHOOL SCHOOL MEALS ~ ALLERGEN LEGISLATION

7th January 2015

Dear Parents/Carers

With the new allergen legislation, all food service organisations serving unpackaged food or food that is packaged on site for immediate consumption will have to supply details of the menu items that contain the EU's top allergens within the dishes they serve. These include: dairy, fish, gluten, peanut, tree nuts, soya, sesame, shellfish, molluscs, egg, sulphite, celery and mustard. Our catering company Principals have provided the school with an allergen matrix for the current menu, should you wish to view this or have a copy please contact the school office. Principals hope to include allergen information on their next menu which will be for Spring/Summer.

If your child does have an allergy to the any of the allergens listed **OR** a different food allergy/intolerance please return the reply slip as soon as possible, even if the school is already aware.

The information you provide will be used alongside a picture of your child, to form a gallery that will be kept in the school kitchen so children can be easily identified. To aid staff further, children with allergens will also be issued with a wristband to wear at lunch times.

Please complete the reply slip below and return as soon as possible. **Please note that if you do not reply we will assume your child does not have any allergies/intolerances.**

Thank you for you co-operation.

Yours sincerely,

M Blewer
