

BROOKFIELD JUNIOR SCHOOL

YEAR 4

ROMAN COOKING

Wednesday 6th May

Dear Parents and Carers,

Year 4 have got an exciting week ahead of them! For the first two weeks of term as you know, we have been block teaching History and we have been exploring *The Romans*. This week we will be block teaching DT and we have chosen cooking as our focus for this term.

We have decided to link our cooking week to the Romans in order to broaden the children's knowledge, therefore the children will be researching Roman recipes during the week and preparing their chosen menus and equipment, so that on Friday 8th May the children can put their knowledge to the test by creating their own food to accompany a Roman dinner party.

The children will have the opportunity to taste each of the following dishes:

- Boiled eggs
- Bread rolls
- Cold meats
- Steamed vegetables (e.g. broccoli, sugar snap peas and carrots)
- Pancakes
- Fruit (e.g. grapes and melon.)

The school will provide the ingredients needed to cook each dish, therefore please contact the school office if your child has any allergies or intolerances, to the foods above. The class will be split into smaller groups during their cooking session on Friday, creating 1 -2 dishes per group so that each child can be responsible for an aspect of our Roman dinner party.

Thank you for your constant support and we look forward to our Roman cooking week.

Yours sincerely

Miss Birkett and Miss O'Sullivan
Year 4
