

SAFER INTERNET DAY Tuesday 7th February 2017

20th January 2017

Dear Parents and Carers

At Brookfield and Lunsford Schools, we acknowledge that ~ a SAFE child is a HAPPY child! In the spirit of partnership and collaboration, the three schools on site are joining together to support our parents and children within our school community. So ~ together with the rest of the nation, we will be celebrating Safer Internet Day on Tuesday 7th February and we'll be following this year's theme:-

'Be the change : unite for a safer internet.'

We believe we can create a safer internet together and so we invite you to join us on the day and take part in some of the after school activities.

The arrangements are as follows:-

From 3.30pm:-

Refreshments served in the hall of Brookfield Junior School (enter via Reception)

4.00pm:-

All parents and children meet at Brookfield Junior School

Parents have a bespoke information session and workshop led by Martin Carter from SALUS, addressing issues such as:-

- Use of social media, looking at the risks and benefits of an online social life
- How to identify abusive online behaviours
- How your child can help others be Cyber Smart
- Online gaming
- When things go wrong – it's not the end of the world

Meanwhile all children gather together in the Family Room with the Fire Brigade and Community Police Officers (PCSOs) to share safety tips and take part in related activities.

5.00pm:-

Children join their parents and share the slogans and messages that they have created.

If you and your child are interested in joining us for an informative and fun session, then please complete the reply slip below and return to your child's class teacher by Friday 3rd February.

In the meantime, you may wish to help yourself to help your child and visit some of these useful websites:-

Use these, and the after school workshops, as a way of learning and keeping yourself and your family informed, and a way of having fun together in an ever developing technological world. Parenting and relationships are key to keeping children safe online ~ and so we look forward to meeting with you on Safer Internet Day and working together to keep our children safe at all times.

Yours sincerely
